Section 1: Identification of the substance/mixture and of the company/undertaking

1.1: Product Identifier
Trade name: MOSSOFF® (MULTI SURFACE, LAWN CARE)

1.2: Relevant identified uses of the substance or mixture and uses advised against
Registered uses: Moss removal product for lawns and surfaces.
Uses advised against: None known.

1.3: Details of the supplier of the safety data sheet
Company name: VivaGreen Group
Manufacturer address: DMG House, Deansgrange Business Park, Deansgrange, Dublin, Ireland
Telephone: UK 020 3808 9124
International 00353 19059909
Email (for SDS enquiries): office@vivagreengroup.com

1.4: Emergency telephone number
UK: Dial 111 (24 hours, Public)
National Poisons Information Service, UK
Ireland: 0035318092566 (24 hours, Healthcare professionals only)
0035318092166 (8.00 am - 10.00 pm 7 days/week, Public)
National Poisons Information Centre, Beaumont Hospital, Dublin 9

Section 2: Hazards Identification

2.1 Classification of the substance or mixture
Classification under CLP: Skin irritant 2: H315
Eye irritant 2: H319

2.2 Label Elements (In compliance with EC Regulation No. 1272/2008 (CLP), as amended)
Hazard pictograms:
Signal word: Warning

Section 4: First Aid Measures

4.1 Description of first aid measures

General advice

No known delayed effects.

Following inhalation
Move to fresh air. Obtain medical attention if necessary.

**Following skin contact**
Carefully wash affected area immediately with plenty of water. Remove contaminated clothing. If necessary, seek medical advice.

**Following eye contact**
Rinse eyes immediately with plenty of water. Remove contact lenses if safe to do so. Continue rinsing. Seek medical attention.

**After ingestion**
Clean mouth with water and drink plenty of water. Do NOT induce vomiting. Obtain medical attention.

### 4.2 Most important symptoms and effects, both acute and delayed

The product is not acutely toxic via the oral, dermal or inhalation route. The product is classified as irritating to the skin and eyes. There is no concern for adverse systemic effects.

### 4.3 Indication of any immediate medical attention and treatment needed

Not applicable. Treat symptomatically.

---

**Section 5: Firefighting Measures**

#### 5.1 Extinguishing media

No special procedures are required as the product is an aqueous solution.

**Suitable extinguishing media:**
Use extinguishing measures that are appropriate for surrounding materials.

**Unsuitable extinguishing media:**
None known.

#### 5.2 Special hazards arising from the substance or mixture

None

#### 5.3 Protection for firefighters

Fire-fighters should wear appropriate protective equipment.

---

**Section 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

When handling product, wear suitable gloves and eye/face protection.

**6.2 Environmental Precautions**

No special environmental precautions are recommended.

**6.3 Methods and materials for containment for cleaning up**

After spillage or leakage, remove the waste by flushing with plenty of cold or hot water. Material on floor can be a slipping hazard.

## Section 7: Handling and Storage

### 7.1 Precautions for safe handling

**Protective measures:**
Avoid contact with skin and eyes where possible.

**Advice on general occupational hygiene:**
Avoid ingestion and contact with skin and eyes. Handle product in accordance with good industrial hygiene and safety procedures. No drinking, eating and smoking while handling product. Wash hands after use.

### 7.2 Conditions for safe storage, including any incompatibilities

Store product in cool ventilated area. Specific instructions regarding separation from incompatible products are not relevant.

### 7.3 Specific end use(s)

See product use, Section 1.2.

## Section 8: Exposure controls/personal protection

### 8.1 Control parameters

No exposure limits established.

### 8.2 Exposure controls

**Eye/face protection:** As the product is classified as irritating to the eyes, it is advised that the consumer wears suitable eye/face protection, such as, tight-fitting goggles with side shields, or wide-vision full goggles.
Skin protection: Since the product is classified as irritating to the skin, it is advised that the consumer wears protective gloves.

Section 9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

9.2 Other information

No data available.

Section 10: Stability and Reactivity

10.1 Reactivity

No thermal decomposition if used as directed.

10.2 Chemical stability

Stable under normal conditions of use and storage.

10.3 Possibility of hazardous reactions

Hazardous reactions will not occur under normal transport or storage conditions.

10.4 Conditions to avoid

No information available.

10.5 Incompatible materials

No information available.
10.6 Hazardous decomposition products

In case of compete combustion, the decomposition products nitrogen oxides (NO\textsubscript{x}), carbon dioxide (CO\textsubscript{2}) and water (H\textsubscript{2}O) are formed.

---

Section 11: Toxicological Information

11.1 Information on toxicological effects

This product does not contain any toxic ingredients. No health effects are expected from normal use when following the correct directions for use.

General remarks

The product was classified on the basis of the calculation procedure of the CLP Regulation. Toxicological data on the complete product is not available.

---

Section 12: Ecological Information

12.1 Toxicity

General remarks

The product was classified on the basis of calculation procedure of the CLP Regulation. Ecological data of complete product are not available.

12.2 Persistence and degradability

No information available.

12.3 Bio accumulative potential
No information available.

12.4 Mobility in soil
No information available.

12.5 Results of PBT and vPvB assessment
This product is not identified as a PBT/vPvB substance.

12.6 Other adverse effects
Ecological data of complete product are not available. Based on the calculation procedure of the CLP Regulation no ecological classification is required.

Section 13: Disposal Considerations

13.1 Waste treatment methods
Disposal should be in accordance with local, state and federal regulations. Taking into consideration the local authority regulations, it may be land-filled or incinerated together with household refuse.

The used packing is only meant for packing this product; it should not be reused for other purposes. After usage, empty the packing completely.

Section 14: Transport Information

14.1 UN Number
No information available.

14.2 UN proper shipping name
No information available.

14.3 Transport hazard classes
No information available.

14.4 Packing group
No information available.

14.5 Environmental hazards
14.6 Special precautions for user

No information available.

Section 15: Regulatory Information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Not applicable.

15.2 Chemical Safety Assessment

A chemical safety assessment has been carried out for the substances in this mixture.

Section 16: Other Information

Hazard statements:

H314  Causes severe skin burns and eye damage.
H315  Causes skin irritation.
H319  Causes serious eye irritation.
H218  Causes serious eye damage

Precautionary statements:

P102:  Keep out of reach of children.
P264:  Wash hands thoroughly after use.
P280:  Wear protective gloves/protective clothing/eye protection/face protection.

Precautionary statements response:

P305  IF IN EYES:
P351  Rinse cautiously with water for several minutes
P338  Remove contact lenses, if present and easy to do so. Continue rinsing.
P337  If eye irritation persists:
P313  Get medical advice/attention
IF ON SKIN:

Wash with plenty of soap and water.

If skin irritation occurs:

Get medical advice/attention.

Take off contaminated clothing and wash before use.

**Abbreviations:**

- **PBT:** persistent, bio accumulative, toxic chemical
- **STEL:** short-term exposure limit
- **vPvB:** very persistent, very bio accumulative chemical
